Rail Staff Travel. Travel in Europe using FIP facilities

Introduction

FIP - *Facilités de circulation Internationales du Personnel des chemins de fer*: (International Travel Facilities for Railway Staff) comprises a group of European rail and shipping carriers who have voluntarily agreed a mutual exchange of staff travel facilities. Rail Staff Travel (RSTL) is a member identified as **GB National Rail**.

Employees of National Rail Train Operating Companies are eligible to benefit from FIP facilities after 12 month's service. FIP facilities are provided subject to the goodwill of RSTL and the reciprocal third parties concerned and may be amended or withdrawn at any time. No person has any contractual right or entitlement to FIP facilities.

If you hold Standard Class National RSTL facilities, your FIP facilities will be issued as Second Class.

Most FIP facilities are for leisure use only. **It is forbidden to use FIP leisure facilities for journeys undertaken for lucrative purposes (i.e. residential, business or duty) or for journeys serving the interests of a third party.**

Some duty travel FIP facilities are available. Please contact RSTL for more information if you are required to travel on business.

The two principal FIP facilities are:

- **FIP International Reduced Rate Card** (FIP Card) for purchase of discounted tickets
- **FIP Coupons** for limited free travel

Use of this guide

This is a guide to FIP travel benefits in the FIP scheme. There may be changes which have not been notified to RSTL. **This guide offers no legal guarantees of the availability and usage of FIP facilities.**

FIP International Reduced Rate Card

The International Reduced Rate Card (FIP card) provides eligibility for a discount off the full adult public fare on the domestic services of all FIP members except your own. Non-standard discounts may apply on cross-border journeys, depending on the agreements under which these cross-border services operate.

FIP cards are personal issue, must be signed and are not transferable. When buying a ticket and when presenting that ticket for inspection, **the card holder must present the FIP card and their passport as supporting photographic ID.** The passport name must match that on the FIP card.

FIP cards have a printed period of validity of two calendar years but one additional month validity is added either side, i.e. from 1 December of the year preceding the dates printed, to 31 January of the year following. (i.e. a card for 2025-2026 is valid from 01/12/2024 to 31/01/2027.)

Please note that the table above is correct as of February 2024. However, carriers can add or withdraw services from the international retail systems without notice.

To buy tickets for SNCF domestic services in France please see the chapter later in this document.

FIP fares are usually quota controlled. Each operator decides how far in advance quotas for FIP discounted fares are made available to retailers. If your requested journey is not available, you need to amend either the time or date, or pay the full public fare if you can't be flexible.

The FIP card lists the carriers and the discount on the adult fare available. There is no discount on public child fares.

International Rail have access to European rail ticketing systems to sell FIP discounted fares. Sometimes public travel cards, advance purchase fares or promotions are cheaper than the FIP discount on a single/return full fare ticket. The International Rail system cannot guarantee that where a public fare is cheaper than the FIP fare, that this will always be offered.

Rail Staff Travel. Travel in Europe using FIP facilities

FIP discounted ticket purchasing whilst travelling abroad

You can buy tickets at railway station ticket offices in the local country.

Many carriers do not permit the purchase of tickets on-board trains unless boarding from an unstaffed station. The guide highlights where boarding without a ticket is not permitted.

This guide highlights where carriers permit the purchase of tickets:

- at ticket vending machines.
- using smartphone apps or carrier websites.

Conditions of carriage using discounted tickets

The use of discounted tickets is subject to the local conditions of carriage on the carrier concerned. There may be requirements to validate tickets before use or restrictions on freedoms such as break of journey.

FIP fares for children

Children holding the FIP Card are eligible for a reduction on the **public adult fare**. This may or may not be less than the public child fare.

For domestic journeys the entries for each carrier show ages at which children can obtain public child fares.

For international journeys children up to the age of 4 may travel free of charge unless the journey requires a mandatory reservation. Children up to the age of 12 are eligible for a reduction on the public adult fare. Where the journey is on an international train and entirely within specific country, a few countries have higher limits up to the age of 16 which apply. International Rail can advise for specific journeys.

Changes to FIP membership during the validity of a card

Rail Staff Travel. Travel in Europe using FIP facilities

During the two-year validity of a FIP card, a carrier may resign from FIP membership. This carrier will then not accept the FIP card for purchasing discounted tickets. **RSTL is not liable for any changes which result in inability to purchase discounted tickets.**

If a carrier joins as an FIP member during the validity of a card, then discounts are available from the date of joining the scheme, even if the new carrier is not listed on the FIP card. The RSTL guides and website will contain information of new carriers.

FIP Coupons

FIP coupons provide a limited amount of free travel. However, when using FIP coupons some long distance and high-speed service may be subject to supplement charges and mandatory reservations. For more information please check the entry in this document for the relevant carrier.

Your passport provides the supporting ID document and needs to be presented alongside your FIP coupons when travelling. The name printed on your coupons must match the passport name.

Each carrier sets how many coupons each employee may apply for in each calendar year. The numbers available are in the Introduction section above.

Validity of coupons

FIP coupons are valid for 3 months from the outward date of travel. The start and end validity dates are printed by RSTL on each coupon.

The outward date of travel determines which allocation year the coupons are drawn from. (i.e. if you apply for coupons with an outward travel date of 1 December 2024, these will come from your allocation for 2024).

Unused coupons in your allocation for a particular calendar year, may be applied for for travel up to 31 March in the following year. Submit an

Rail Staff Travel. Travel in Europe using FIP facilities

application to RSTL with an outward travel date of 31 December (even if your actual outward travel date is after this date).

Applications to RSTL for coupons

Apply using either of the following forms on the RST website www.railedeliverygroup.com/rst/forms.html#international:

- xx09b – International Coupons Application – Employee only
- xx09c – International Coupons Application – Employee and family members

Submit the form on-line no later than 3 weeks prior to travel.

Issue of coupons by RSTL

FIP coupons are issued by RSTL around 2 weeks prior to travel.

Use of the coupons for travel

The coupon tickets show your name. Your passport is the supporting identification.

Four numbered boxes when dated by you are valid for 2-days, from 00:01 that day and up to midnight of the following day (unless that day is after the end of validity date of the coupon) for free travel (subject to any supplements or mandatory reservation charges) on the services of the carrier in the class of travel shown on the coupon (1. Cl is 1st Class, 2. Cl. is 2nd Class).

Boxes must be dated in numerical order and completed before boarding the train. You must use a permanent ink pen to complete the date boxes. Use of erasable pens or pencils is a travel irregularity which will result in the permanent withdrawal of both domestic and international travel facilities.

The Global Fares and Specific Countries section of this guide will help to identify whether supplements are payable or reservations are required. International Rail can help with advice and make reservations.

Not all carriers allow independent retailers to make reservations where tickets are not being bought at the same time.

Depending on your journey and the countries that you will be travelling in you may find that you can only use your FIP card to obtain privilege rate tickets rather than using free coupons. If you provide your proposed itinerary to International Rail at sales@bookmyrst.co.uk, they can advise of any restrictions about the services you wish to use.

The maximum age at which children are carried free of charge varies in Europe from country to country. The lowest is 4 years, so we will always issue FIP documents for a child aged 4 or over.

International Free Coupons are issued as a batch for the journey requested.

Rail Staff Travel. Travel in Europe using FIP facilities

Transit Points of FIP carriers

Each FIP carrier defines its fare boundaries using Transit Points. These are listed in the relevant section of this document. A Transit Point is a fare location which may or may not be a passenger station of the same name.

This example shows ÖBB Transit Points with DB AG.

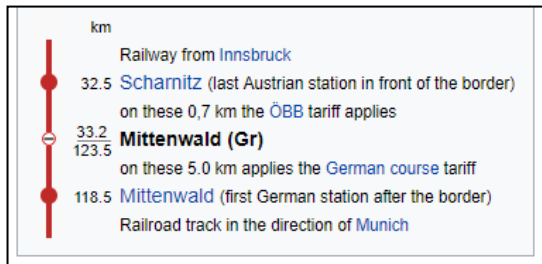

Neighbouring carrier	Transit points up to which ÖBB coupons are valid
DB AG	Kufstein Lindau Hbf Mittenwald (Gr) Passau Hbf Salzburg Hbf Simbach an Inn

Virtual Border Transit Points

Where a Transit point location has a suffix such as (Gr), (fr), (mp) or (ms), then this is a *Virtual Border Transit Point* and is a location which is not a passenger station.

An example of a location with a suffix is the transit point of **Mittenwald (Gr)**.

This is a location on the geographical border 0.7km north of Schamitz railway station in Austria and 5km south of Mittenwald railway station in the village in Germany.

If you are travelling north from Austria to Germany on this route and are using coupons on ÖBB but need to buy FIP discounted tickets for DB AG, your ÖBB coupon is valid to cover the 0.7km from Schamitz station to Mittenwald (Gr). The Origin of your DB AG ticket must be **Mittenwald (Gr)** and not the first DB AG station in Germany which is **Mittenwald**.

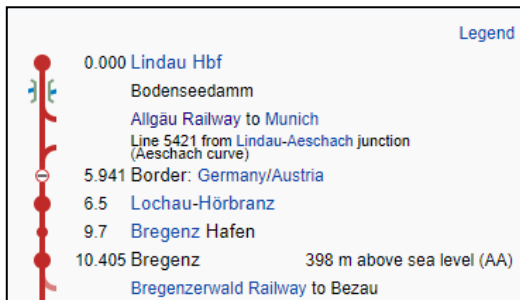

Rail Staff Travel. Travel in Europe using FIP facilities

Please see the Glossary entry for *Transit Points* for the suffix meanings.

Passenger Station Transit Points

Where the Transit Point location has no suffix then coupons are valid for travel to/from that station, even if the station is in a neighbouring country.

As an example of a location with no suffix, the Transit Point for ÖBB with DB AG is Lindau Hbf. This indicates that ÖBB coupons may be used on the Vorarlberg Railway north east as far as Lindau Hbf in Germany.

The illustration shows (bottom to top) the railway from Bregenz in Austria to Lindau Hbf in Germany crossing the border at the 5.941 km point.

Cross-border journeys

The transit points define the geographical extent to which FIP coupons are valid.

On a cross-border journey (where coupons are accepted), FIP coupons are required for each country travelled through, irrespective of the train operator which provides the train service.

As an example, on EN 234/235 services (Vienna <> Venice/Rome) trains cross the border between Austria and Italy at Tarvisio Boscoverde. The table of Transit Points for ÖBB shows that this is the border with FS and the table of Transit Points for FS shows that this is the border with ÖBB. Both ÖBB and FS coupons are required if crossing the border on this service.

Loss or theft of FIP Travel documents

FIP Coupons which are lost or stolen cannot be replaced. Neither RST nor any other FIP carrier is liable for any refund of fares paid after loss or theft of FIP cards or coupons.

Theft

Theft of FIP Travel cards or coupons must be reported immediately to

- the police in the country in which the theft took place and a certificate obtained from the police to confirm the report was submitted.
- RST in the form of a notification giving the circumstances of the theft along with a copy of the certificate received from the police.

Loss

Any loss of cards or coupons must be reported immediately to RST in writing or by e-mail giving the circumstances of the loss and steps undertaken to recover the cards or coupons.

FIP Travel Irregularities

FIP travel facilities are provided for leisure use only. It is your responsibility to ensure you only use them for the purposes that they are intended. Where a Travel Irregularity is detected, then the facilities holder will be subject to Travel Irregularity proceedings by both the local carrier and RSTL.

Examples of Travel Irregularities include:

- non-leisure travel, i.e. travelling for residential, business or duty purposes, or for journeys serving the interests of a third party
- travelling with FIP Coupons or discounted tickets bought with an FIP Card and unable to support their use with a passport

Rail Staff Travel. Travel in Europe using FIP facilities

- attempting to buy a discounted ticket with the FIP Card and unable to support its use with a passport
- modifying a date box on an FIP coupon
- travelling after the expiry date of an FIP coupon
- travelling on restricted services
- travelling in a class of accommodation not covered by the FIP facilities
- travelling on mandatory reservation or supplement services without having reservations or supplements
- transfer of FIP facilities to non-eligible persons
- using FIP facilities when not eligible
- travelling in breach of the Conditions of Travel of the carrier

This list of examples is not comprehensive.

Travel Irregularities reported to RST by any FIP member will be dealt with following the same procedure in force for the National Rail domestic schemes.

When an FIP Travel Irregularity warrants temporary or permanent withdrawal of travel facilities, RST will apply this to domestic travel facilities as well as international travel facilities allocated to the employee and/or dependants.

Neither RST nor any FIP carrier is liable for any refund of fares paid after seizure of FIP cards or coupons during a Travel Irregularity investigation.

General Tips

Not all FIP discounted tickets can be obtained from Travel Agents. Some are only available in the country of the carrier.

Rail Staff Travel. Travel in Europe using FIP facilities

Most carriers require you to purchase a ticket before boarding a train (and will refuse to sell discounted tickets on board) unless boarding from a station with no ticket office.

On long distance and high-speed journeys, supplements may be payable, and reservations required. Carriers may not permit payment of supplements on-board trains.

Tickets are subject to the Conditions of Carriage imposed by the carrier.

Unlike in Britain and on Eurostar, it is usually possible to hold 2nd class FIP facilities and upgrade to 1st class on payment of the difference between the public 2nd class and 1st class fares. Any charge due for transferring to a higher class of travel must be paid before departure.

Problems using FIP facilities

If you encounter difficulty with FIP facilities, buying or using discounted tickets, or experience problems using free FIP coupons, RSTL can only raise this with the carrier concerned if we can pass on full details.

As a minimum please provide:

- the main passenger name and number of FIP passengers travelling
- the location of the incident (station or train service)
- the name of the employee of the FIP company (if possible)
- the date and time of the incident
- which aspect of the FIP facilities was not accepted

Issues should be submitted in writing (by e-mail) to RSTL using the contact details on the RSTL website. RSTL makes no guarantees about getting satisfactory responses from FIP member carriers. The arrangements with FIP are based on a mutual exchange of facilities managed through goodwill, rather than a formal contractual agreement.

FIP coupons are not valid for free travel on Eurostar services.

Eurostar FIP fares are priced globally to include unavoidable supplements such as the tunnel charge.

Eurostar FIP fares and booking information is published on the RST website here www.raildeliverygroup.com/rst/offers.html

If you hold a 2nd class FIP card you can only book in Eurostar Standard accommodation on Eurostar. ⁵

If you hold a 1st class FIP card, you can book in either Eurostar Standard or Eurostar Plus accommodation on Eurostar.

There is no FIP reduction in Eurostar Premier. To travel in Eurostar Premier, the full public fare must be paid.

ÖBB coupons are valid on services in Lichtenstein. See the pages for Lichtenstein.

For traffic going from one part of Austria to another and crossing through Germany (Salzburg Hbf - Kufstein via Rosenheim) ÖBB coupons are valid as long as ÖBB corridor trains or corridor coaches are used.

When buying FIP discounted tickets for ÖBB services, a service charge is levied on on-train payments.

For trains designated **IC**, **ICE**, **EC** and **RJ** a supplement of €15 (1st class) or €10 (2nd class) must be paid. Supplements are valid for the same period as an FIP coupon dated box (i.e. max. 48 hours) and are available both from ÖBB ticket offices and conductors on trains. The supplement does not include seat reservations which must be made and paid for separately.

On Railjet (**RJ**) services on ÖBB sections of route:

- holders of 2nd class FIP facilities may use Economy Class subject to payment of the supplement above.
- holders of 1st class FIP facilities may use First Class subject to payment of the supplement above. This does not apply to holders of coupons endorsed with **No Supplement Necessary** or holders of the International Senior Manager Free Pass
- Premium/Business class in *railjet* services may not be used by holders of any FIP travel facilities.

Business compartments are provided on some services other than Railjet;

- these may be used by holders of 1st class FIP discounted tickets by payment of the business surcharge
- these may be used by holders of personal International Senior Manager Free Passes by payment of the business surcharge
- these may **not** be used holders of FIP coupons or impersonal (bearer) International Senior Manager Free Passes (even by paying the business class surcharge)

FIP coupons are valid on S-Bahn services operated by ÖBB.

FIP coupons are NOT valid on bus services operated by ÖBB unless these are clearly shown as rail replacement services.

Break of journey is not permitted on journeys of up to and including 100km. For journeys of 101km or longer, break of journey is valid without formality.

Seat reservation labels on ÖBB services may display *ggf. reserviert*. This means that the seat has been set aside in the booking system for last minute reservations. The official advice is not to occupy the seat, but if you do, you will have to vacate it if a ticket holder has a reservation.

FIP coupons and International Senior Manager Free Passes may also be used but a surcharge applies and a seat reservation is mandatory.

Austria to Italy via Tarvisio

Special 'global' fares apply for journeys in the international trains between Austria and Italy via Tarvisio. If using coupons, then the following rules apply for travel in either 1st or 2nd class:

- For international journeys where FIP coupons are held for both Austria and Italy, a supplement must be paid before the start of the journey for each person aged 6 and over. The supplement includes the seat reservation but is also payable when couchettes or sleeper berths are being used.
- For international journeys where an FIP coupon for either Austria or Italy is being used, but a coupon is not held for both countries, then where the train is subject to compulsory reservation a supplement must be paid before the start of the journey for each person aged 6 or over. No supplement is payable if the train is not subject to compulsory reservation. For the portion of the journey where no coupon is held, an FIP discounted fare is available.

DB-ÖBB Eurocity München – Innsbruck – Bolzano – Venezia

With FIP free coupons on DB-ÖBB Eurocity services operated jointly by DB, ÖBB and FS via the trans-Alpine Brenner Railway (München – Innsbruck – Bolzano – Verona):

- a DB, ÖBB or FS coupon is required for travel in each country
- for journeys crossing the Italian border, or entirely within Italy the supplement is payable even if the coupon is endorsed **No Supplement Necessary** or when holding an International Senior Manager Free Pass
- for journeys in or between Austria and Germany, no supplement is payable

Rail Staff Travel. Travel in Europe using FIP facilities

- holders of a 1st class coupon not endorsed by a stamp stating **No Supplement Necessary** and travelling 1st class within Austria must purchase a seat reservation ticket or travel authority ticket

Travel to and from Wien (Vienna) Airport

FIP facilities are not valid on the CAT (City Airport Train) service from Wien Airport.

FIP coupons are valid on ÖBB operated local trains on S-Bahn line S7.

The ticket offices for ÖBB and CAT are in terminal 3.

Non-FIP advice: If using Vienna area public rate transport tickets on the S-Bahn (i.e. singles or 24/48/72-hour tickets through the WienMobil app) these are only valid as far as the city boundary at Schwechat. You will need an additional ticket from a ticket office or vending machine between Schwechat and Vienna Airport. WienMobile app public rate tickets are only valid on CAT services or Vienna Airport Lines (VAL) bus services to and from the airport with the CAT or VAL add on product in the app.

Discounted ticket purchase in Austria

ÖBB provide a contact centre for enquiries and booking FIP discounted and non-FIP tickets. Tel: +43 (0) 5 1717. Calls to this number from the UK are at the standard international rate. ÖBB does not charge any additional costs.

For domestic journeys within Austria tickets may be purchased from a ticket vending machine. Select *Fahrkarte Inland mit Zielwahl* (inland destination), followed by the *'Ermäßigung* (reduction) and *ändern* (change) buttons should be used with the code *Mitarbeiterticket 50% / FIP-Inland*.⁸

Finland – VR

FIP facilities will cease to be valid in Finland from 1 January 2026.

The following carrier is relevant to Finland:

- VR – **VR Group** – Finnish State Railways

For public fares, children up to 4 years old travel free. Children up to 16 years old are eligible for a 50% reduction on the adult fare. Persons aged 16 and older pay the adult fare.

On *Pendolino* and IC trains a compulsory supplement includes a seat reservation. This is payable with an FIP Coupon or a FIP discounted ticket.

FIP discounted tickets may not be purchased on-board trains. A Penalty Fare and the public fare is charged if a passenger is found without a valid ticket.

FIP discounted tickets cannot be purchased from ticket vending machines.

FIP discounted tickets can be purchased from ticket offices or VR customer service. The phone number is at : www.vr.fi/cs/vr/en/customer-service

FIP discounted tickets are not valid when travelling only in commuter trains within the HSL area, even if they are branded VR. If you have a long-distance ticket which includes travel in the commuter trains (HSL area) it is valid.

Break of journey is not permitted except for changing onto connecting services.

France – SNCF

The following carriers are relevant to France:

- SNCF - **Société nationale des chemins de fer français** (National Railway Company of France)
- EIL – **Eurostar International** (see separate entry)
- THI – **THI Factory** operating Thalys services (see separate entry)

For public fares, children up to 4 years old travel free. Children up to 12 years old are eligible for a 50% reduction on the adult fare. Persons aged 12 and older pay the adult fare.

The following table supplied by SNCF defines the boundaries of FIP availability across the SNCF railway network. *For the meanings of (Gr) or (fr) suffixes, please see the section - Transit Points of FIP carriers.*

FIP facilities are valid on the following services, however local authorities are responsible for fares and conditions of use. Information should be obtained at ticket offices concerning validity of tickets bought with the FIP Card.

- TER (*Trains Express Régionaux*) trains operated by SNCF
- bus services operated by SNCF

Rail Staff Travel. Travel in Europe using FIP facilities

Global Fares apply for travel on *Lyria* services, and services between Belgium and the South of France.

On the following NOMAD routes only:

- Paris - Caen Cherbourg/Trouville Deauville
- Paris - Rouen Le Havre
- Paris - Granville
- Paris- Evreux Serquigny
- Caen - Le Mans - Tours

all tickets must be validated before starting any outward or return journey, and also before departure after a break of journey, using the endorsing machines (*compositeurs* or *compostage de billets*) provided for passengers at stations

This requirement to validate does not apply to use of FIP coupons.

Compositeur ¹⁴

FIP discounted tickets may be purchased on-board trains but a 20% service charge is payable in addition to the ticket. This service charge is not imposed if arriving on international trains from outside France.

Upgrading from 2nd class to 1st class by payment of the difference in fares is available at station or on-board. There is no additional charge to upgrade on-board.

SNCF TGV services are branded as *TGV inOui*.

Mandatory seat reservations on SNCF services

Seat reservations are compulsory and supplements payable on *TGV* and most *Intercité* services.

Seat or berth reservations are also compulsory on night trains.

On TER services seat reservations are compulsory as follows:¹⁶

Normandy TER NOMAD “Krono +” train services:

- Paris – Rouen – Le Havre
- Paris – Caen – Cherbourg
- Paris – Caen
- Paris – Trouville-Deauville

Nomandy TER NOMAD « Krono » train services:

Domestic journeys on TGV and IC services operated by SNCF

¹⁶ Source RST Ref:90-081-001/D8690INC

Rail Staff Travel. Travel in Europe using FIP facilities

On SNCF domestic journeys (i.e. entirely within France), the reservation fee payable depends on whether the service is classified as peak or off-peak.

The designation of a train as peak or off-peak is made in the fares distribution system, so it is not possible for RST or individuals to check specific examples.

Seat reservations on off-peak services are €1.70 in either 1st or 2nd class (correct as of January 2024).

Seat reservations on peak services are €10.00 in 2nd class and €15.00 in 1st class (correct as of January 2024).

FIP discounted tickets bought for domestic TGV and IC services which have a mandatory seat requirement include the seat reservation.

International journeys TGV services operated by SNCF

On cross-border journeys on International TGV services, global fares apply. FIP coupons and the FIP International Senior Manager Free Pass are not valid for free travel on these journeys but can be used to purchase FIP discounted fares.

The FIP discounted fares vary by route but may be up to €130.00 (correct as of January 2024).

Travel in the Paris area

Île-de-France Mobilités (*ÎDF Mobilités*) is the authority that controls and coordinates different transport companies operating in the Paris-area including RATP (*Régie Autonome des Transports Parisiens*) and SNCF.

RATP operates Paris Métro (*Métro de Paris*), tram and bus services and part of the RER (*Réseau Express Régional*) network. SNCF operates the rest of the RER network.

Rail Staff Travel. Travel in Europe using FIP facilities

Transilien and Île-de-France tramways

Transilien is the branding identity covering the network of commuter services operated by SNCF in the Paris area.

FIP facilities are valid on all Transilien routes, H, J, K, L, N, P, R, U, and V.

FIP facilities are also valid on Tramway Line T4, T11 Express, T12 Express and T13 Express. However, if using FIP discounted tickets rather than FIP coupons or the International Senior Manager Free Pass, tickets can only be purchased at Transilien ticket offices at railway stations.

FIP facilities are not valid on the other Tramway Lines, T1, T2, T3, T5, T6, T7, T8, T9, and T10.

If using FIP Coupons or the FIP International Senior Manager Free Pass to travel on Transilien railway routes, you will need a *Contremarque de Passage* obtainable from the Transilien ticket office. The *Contremarque de Passage* is used for entry at the start of the journey and exit at the end.

If using FIP discounted tickets with the FIP Card, these tickets can only be purchased at Transilien ticket offices at railway stations (including tickets for use on the tramway services).

RER (Réseau Express Régional)

The SNCF, RER and RATP services in the Paris suburban area accept FIP travel facilities on the following stretches of line operated by SNCF:

Rail Staff Travel. Travel in Europe using FIP facilities

- RER Line A – SNCF from Nanterre Préfecture to Poissy or Cergy-le-Haut
- RER Line B – SNCF from Gare du Nord to Aéroport Charles de Gaulle or Mitry-Claye.
- RER Line C – SNCF in its entirety.
- RER Line D – SNCF in its entirety.
- RER Line E – SNCF in its entirety.

Please note that if travelling between Gare du Nord and Chatelet les Halles, only RER Line D operated by SNCF can be used. FIP is not valid on RER Line B operated by RATP on the same route.

Figure 2 – RER lines in central Paris

Line A in Red, Line B in Blue, Line C in Yellow, Line D in Green, Line E in Purple.
FIP facilities are only available on the sections indicated in the text above. ¹⁷

To get through automatic gates on these routes with an SNCF FIP coupon, you will need a *Contremarque de Passage* from the Transilien ticket office. The *Contremarque de Passage* is used for entry at the start of the journey and exit at the end.

Rail Staff Travel. Travel in Europe using FIP facilities

FIP cards and FIP Coupons are not accepted on RER lines A1, A2 & A4 east from La Défense and RER Line B south of Gare du Nord as these are operated by RATP.

Paris Metro (*Métro de Paris*)

The *Métro de Paris* (short for *Métropolitain*) provides a metro rail service mostly underground in central Paris.

FIP facilities are not valid on any sections of the *Métro de Paris*.

Léman Express

The Léman Express is the network of international RER services operated jointly by SNCF and SBB-CFF linking the Haute Savoie and Ain districts to the canton of Vaud via the Geneva metropolitan area.

FIP facilities are available on the whole of the Léman Express network. SNCF coupons are valid for travel, even in the parts of the service which operate in Switzerland into Geneva.

Booking tickets and reservations for SNCF services

Tickets and reservations may be obtained from the English-speaking SNCF Voyageurs Call Centre. Please note that payment is only by Visa or American Express cards. Mastercard and other payment cards are not accepted.

The telephone number is +33 1 84 94 36 35

- At the end of the menu options presented in French, there is the option to connect to an English-speaking operator – press #85.
- On the next voice menu. Select “Voyages/Journey” by pressing 1.
- On the next voice menu. Select “Voyages on TGV” by pressing 1.

You will then be in the queue to speak to an operator.

Rail Staff Travel. Travel in Europe using FIP facilities

Please confirm the travel dates and times, the number of passengers holding FIP facilities (and whether coupons or FIP cards), and the origin and destination of your journey.

You will need to provide your telephone number, personal information and an e-mail address.

Payment is by Visa or American Express card only.

Once the tickets/reservations are confirmed, you will receive a PNR (booking confirmation reference) by e-mail and the eTicket.

When travelling by train, you will need to present the eTicket along with your FIP coupon or FIP card.

Franchised TER passenger services in France

French regional authorities have started a programme of inviting tenders to operate regional TER services currently provided by SNCF.

Tenders currently in the bidding process include Marseille – Toulon – Nice, and the Azur concession. The likely start date for the first concession is 2025.

No information is available yet on whether FIP facilities will be available on TER services once concessions are in operation.

Germany – DB AG and BSB/VSU

The following carriers are relevant for Germany:

- DB AG – **Deutsche Bahn AG** (German Railways)
- BSB/VSU - **Bodensee-Schiffsbetriebe / Vereinigten Schifffahrtsunternehmen für den Bodensee und Rhein** (See entry for Lake Constance)
- THI – **THI Factory** operating Thalys services (see separate entry under Global Fares)

DB AG FIP facilities

For public fares, children up to 6 years old travel free. Children up to 14 are eligible for a 50% reduction on the adult fare (but see the section below on free accompanying children). Persons aged 14 and older pay the adult fare.

Free accompanying children

DB AG have national travel discount rules for accompanying children (aged 6 to 13) to travel free with a FIP holder provided that the FIP holder is aged 15 or over and has a valid ticket or FIP permit to travel.¹⁸

Accompanied children taken free of charge do not have to be the children of the accompanying adult. This means that children travelling for free with an accompanied adult do not need to carry any kind of documentation.

On Long-Distance DB trains

Maximum 4 children per FIP traveller's ticket:

- FIP Discounted long-distance travel ticket with the FIP card
- FIP coupon
- FIP International Senior Manager free pass

¹⁸ Source:RST Ref:90-081-005/D8239INC

Rail Staff Travel. Travel in Europe using FIP facilities

These rules also apply if the long-distance ticket is used on local transport before or after the journey.

On Local DB trains

Maximum 3 children per FIP traveller's ticket:

- FIP Discounted local travel ticket with the FIP card
- FIP coupon
- FIP International Senior Manager free pass

The following applies to the travel tickets mentioned above:

- The accompanying children who are travelling free of charge do not have to be recorded on the ticket.
- Children who are not accompanied by persons over the age of 15 who are entitled to a travel concession must buy their own ticket.
- Children under the age of 6 continue to travel free of charge and do not need their own ticket.

Most long-distance services within Germany are provided by DB AG. No supplement is necessary for travel on ICE, EC and IC trains for holders of FIP coupons, the International Senior Manager Free Pass or FIP Card discounted tickets.

Seat reservation labels on DB AG services may display *ggf. reserviert*. This means that the seat has been set aside in the booking system for last minute reservations. The official advice is not to occupy the seat, but if you do, you will have to vacate it if a ticket holder has a reservation.

Planning journeys on DB AG services

Rail Staff Travel. Travel in Europe using FIP facilities

When planning journeys, please look at the *Auslastungsanzeige* (i.e. **Loading Indicators**) at www.bahn.de and in the DB Navigator app. DB AG request you choose alternative services to those ones marked with *the red icon*.²⁰

Ticket purchase for DB AG services

FIP discounted tickets cannot be purchased on-board DB AG trains. This applies even when boarding a service from a station which has no open ticket office. FIP discounted tickets must be purchased in advance either from DB travel centres or travel agents.²¹

Those found on a train without a ticket will receive a penalty fare charge of double the fare (at least €60.00) for the route already covered plus the flex price for the distance to the destination station.

Ticket vending machines offer 50% discounted tickets for other German schemes such as *Bahncard*. These tickets are not valid with the FIP Card.²²

In some areas of Germany a *Verkehrsverbund* (combined fares structure) is in operation. In many of these areas FIP coupons and FIP reduced rate tickets are not valid if your journey is entirely within the area concerned. There is no official list available to RSTL of which *Verkehrsverbund* areas accept FIP facilities. Local ticket offices will be able to advise.

Restricted DB-AG trains

Some services are subject to staff restriction. *DB AG* publish a list here db-mobidig.deutschebahn.com/md-home/Navigation/Sperrliste

Where a train is listed on specific days then the ban on using FIP facilities applies on the days listed including public holidays.

Rail Staff Travel. Travel in Europe using FIP facilities

Use of a restricted train is a Travel Irregularity, and the passenger is deemed to be holding no ticket for the recovery of fare revenue and application of penalty.

Special conditions

For journeys on High Speed Services between Germany and France, special conditions of use apply.

- For journeys entirely within Germany, FIP facilities may be used without seat reservation.
- For cross border journeys, a global price ticket and seat reservation endorsed 'FIP Leisure' is required. The International Senior Manager Free Pass is valid, but FIP coupons are not valid. Children aged 6 – 14 must also have a ticket with inclusive seat reservation. No child reduction on the FIP discounted fare is available. For security reasons, luggage must be labelled with labels downloaded from www.bahn.de.
- Cycles are not carried
- Luggage must be labelled with a luggage tag bearing the traveller's name. Tags are required for all luggage placed in the luggage compartments located at the end of each carriage, above and between the seats. This rule does not apply to hand luggage which is kept on the the traveller's person, such as handbags.

On Railjet services

- holders of 2nd class FIP facilities may use Economy Class
- holders of 1st class FIP facilities may use 1st class or Economy Class
- under no circumstances can Business Class be used by holders of any FIP facilities, even if the Business Class supplement is paid.

DB-ÖBB Eurocity München – Innsbruck – Verona - Bologna

If using FIP free coupons on DB-ÖBB Eurocity services operated jointly by DB, ÖBB and FS via the trans-Alpine Brenner Railway (München – Innsbruck – Verona – Bologna):

Rail Staff Travel. Travel in Europe using FIP facilities

- a DB, ÖBB or FS coupon is required for travel in the country concerned
- for journeys which cross the Italian border, or entirely within Italy the supplement is payable even if the coupon is endorsed **No Supplement Necessary** or the holder has an International Senior Manager Free Pass
- for journeys between Austria and Germany, or entirely within Austria or Germany, no supplement is payable
- holders of a 1st class coupon not endorsed by a stamp stating **No Supplement Necessary** and travelling 1st class within Austria must purchase a seat reservation ticket or travel authority ticket

Ferries

FIP discounted tickets are valid without restriction on the Harlesiel to Wengerooge ferry services.

FIP coupons and FIP discounted tickets are only valid on *Scandlines* ships in connection with a rail journey.

DB-AG IC Coach services

FIP reduced rate tickets are available but must be purchased in advance from staffed booking offices. They cannot be bought from ticket vending machines or on-board coaches.

FIP coupons may be used but reservations must be paid for in advance from manned booking offices. FIP coupons must be held for the carrier concerned when the IC Coach service is on a foreign section of route outside of Germany.

For journeys within Germany, DB family travel rules apply and accompanied children aged 6 to 14 travel free. Reservations are required for all children, including those under 6 years old.

Rail Staff Travel. Travel in Europe using FIP facilities

For journeys on a foreign section of route outside of Germany, Children aged 6 to 14 must have a ticket and all children must have a reservation.

DB-AG bus services

FIP facilities are accepted only where the bus provides a rail replacement service arising from operational occurrences such as accidents.

Rail Staff Travel. Travel in Europe using FIP facilities

For international journeys tickets and reservations cannot be issued more than 6 months before the first day of validity.

For domestic journeys with FIP discount, the presale period is 60 days.²⁹

Changes (refund and new ticket sale) to international tickets purchased at ticket offices in Hungary can only be made on the same day as purchase and at the same station.

FIP facilities on MÁV domestic services are subject to the following supplements and reservation charges.

- Seat reservation charge (for reservation compulsory trains).
- Supplement for a premium compartment
- Bicycle reservations

The price of the supplement is dependent on the date of travel and the date of purchase of the ticket.

On cross-border journeys in compulsory supplement international trains:

- holders may occupy empty seats without paying for a reservation or pay the seat reservation charge to secure a seat.
- a supplement is payable unless the coupons are endorsed “no supplement necessary”.

FIP facilities are not available on MÁV bus services unless they are providing rail replacement services.

Surcharges apply to the following transactions on board a train:

- Buying FIP discounted tickets
- Upgrading from 2nd class to 1st class

Rail Staff Travel. Travel in Europe using FIP facilities

Change of route is not possible on board a train. It is only available at a ticket office before starting a journey. The original ticket will be invalid, and a surcharge will be applied to purchase the new ticket.³⁰

Supplements and reservation charges are payable in Forint (HUF). Euro/Forint conversion rates are published in international ticket offices and on the company website.³¹

Payments in cash are rounded to the nearest 5 Forint (HUF).³²

Break of Journey is permitted without formality.

Bicycles

Bicycles (excluding those with auxiliary motors, recumbent bicycles and those with cycle trailers) can be carried only on trains which are designated for this purpose and marked with a bicycle sign in the timetable.³⁴ Tandems can only be transported in a luggage van which is equipped for bicycle transport. Bicycle tickets must be purchased in advance.

Foldable bicycles are carried without fee as hand luggage only if folded and wrapped and can be stored in a luggage rack or under a seat. It cannot be left in a corridor or where it may disturb free movement. Passengers leaving a bicycle in an area in contravention of this will be excluded from the train.

Dogs and small pets

Each adult may carry two dogs or small pets. Dogs must be either in a closed pet transport container, or on a lead with a muzzle. All dogs must have a certificate of vaccination not older than 1 year.

If transporting a dog or small pet in a closed pet container, then carriage is free. If transporting a dog on a lead, then the animal transport fee must be paid. The only exception is an assistance dog with an official certificate.

With the exception of assistance dogs, animals are not allowed in any first class coach or restaurant car. Those not in closed containers are not allowed in any car or train with compulsory reservation. Dogs over 20kg can only be carried in the luggage van.

MÁV smartphone app

MAV provides FIP discounted facilities through their mobile app called **MÁV**.

The default language is Hungarian. You can change to English. Go to Menu > Choose **Beállítások** (settings) > Choose **Nyelv** (language) > Choose **English** (pop up) > Click in OK in the new pop up to restart the MÁV application

When purchasing a ticket, a code will be sent to activate the ticket. The code is not valid for travel. The ticket must be generated from the code.

Mobile tickets valid only for domestic journeys are acceptable only within the application (i.e. you cannot print out the booking – you must display it within the app). Tickets purchased through the app do not contain the usual FIP protections so may not be changeable or refundable.

Mobile tickets valid for international journeys may be displayed in the app or printed out on A4 paper by the passenger.

Refunds of international tickets are only possible in writing from MAV Customer Service.³⁵

GySEV FIP facilities

For public fares, children up to 6 years old travel free. Children up to 14 years old are eligible for a 50% reduction on the adult fare. Persons aged 14 and older pay the adult fare. *(Note the ages for children are different on GySEV services operated in Austria – see the Austrian section.)*

FIP discounted tickets may not be purchased on-board.

In the event of a break of journey, tickets must be endorsed at the station where the break is made.

Kosovo

Kosovo is the subject of a territorial dispute between the Republic of Kosovo and the Republic of Serbia. The Republic of Kosovo unilaterally declared independence on 17 February 2008, but the Republic of Serbia continues to claim it as part of its own sovereign territory.

Serbian Railways (Srbija Voz) has in the past operated services on the routes now controlled by Trainkos a (Albanian: *Operimet me Trena të Hekurudhave të Kosovës sh.a*).

Due to the political situation, RSTL is unable to verify whether Srbija Voz (SV) FIP facilities are still available within Kosovo.

In the FIP rules, Srbija Voz (SV) still claim an FIP border with Macedonian Railways (MŽ-T) at Elez Han (formerly *Đjeneral Jankovic* - Serbian: *Ђенерал Јанковић*, Albanian: *Han i Elezit*), which is in the Republic of Kosovo. However, this appears to be an historic statement which may not be updated until the Republic of Serbia formally accepts the independence of the Republic of Kosovo.

Trainkos is not a member of FIP.

PKP specific rules

On PKP Intercity EIP (*Express InterCity Premium*) trains, passengers holding FIP coupons, International Senior Manager Free Passes or tickets bought with an FIP Card are obliged to obtain a seat reservation and buy an EIP supplement (43 PLN /approx 10 Euro) before starting the journey.

Passengers already holding a reservation may pay the supplement on the train; passengers who have not made a reservation must pay the supplement at PKP ticket offices at the same time as making a reservation. A receipt will be issued.

Travel on EIP trains without a seat reservation is not permitted. Passengers using PKP Intercity EIP trains without a reservation or who refuse to pay the supplement will pay an additional charge, as well as the journey fare. It is not possible to buy passenger tickets and seat reservations on-board.

On EIC (*Express InterCity*), IC (*InterCity*) and TLK (*Twoje Linie Kolejowe*) trains, passengers holding FIP coupons, International Senior Manager Free Passes or tickets bought with an FIP Card must obtain a seat reservation.

On board purchase of tickets is possible subject to a supplement of 10 PLN.

In IC and TLK trains, passengers without a ticket should approach on-train staff (immediately on departure) to buy a ticket.

Additional supplement charges apply to holders of FIP free coupons or tickets bought with an FIP Card as follows:

- Sleeper berths: Single 299 PLN, Double 159 PLN, Triple 79 PLN
- Couchette: In 3 and 4 couchete compartment 69 PLN, in 6 couchette compartment 59 PLN

Rail Staff Travel. Travel in Europe using FIP facilities

Passengers holding International Senior Manager Free Passes:

- must pay a supplement if occupying a Seat in a Manager Compartment 99 PLN
- do not pay couchette or sleeper berth charges (reservations are free of charge) but pay a service charge: Single berth 138 PLN (EUR 32), Double berth 73 PLN (EUR 17), Triple berth 52 PLN (EUR 12).

Break of Journey is not permitted.

Special Fare and Tariff conditions apply to the following services:

- 1) Warsaw/Gdynia – Berlin the Fare and Tariff conditions pertaining to Warsaw/Gdynia trains apply
- 2) Warsaw – Vienna (only in through coaches of trains 407/457 406/456 ‘Chopin’) the Fare and Tariff conditions pertaining to tickets for trains 407/406 ‘Chopin’ to Austria apply

FIP facilities are valid on rail replacement bus services operated by PKP.

FIP facilities are not valid on cable and rack railways operated by PKP

Przewozy Regionalne specific rules

Reduced rate tickets can be issued on train but are subject to a special fee (unless the passenger is departing from an unstaffed station or stop). Passengers must board by the door at the front of the train (direction of travel) and immediately buy tickets from the on-train staff. Upgrades to 1st class are permitted on-board providing the passenger informs the on-board staff of their intention immediately.

Rail Staff Travel. Travel in Europe using FIP facilities

A ticket for a single journey is valid until midnight on the day of issue. One break of journey without the need to have this confirmed is permitted. Validity of single tickets bought with the reduced rate card is dependent on distance:

- a) up to 50km: 3 hours from date and time of issue (or as determined by the passenger),
- b) 51 km – 100 km: 6 hours from date and time of issue (or as determined by the passenger),
- c) 101 km and above: until midnight on the day of issue. (The day is 0001 hrs to 2400 hrs).

Koleje Mazowieckie – KM specific rules

Passengers who board trains at staffed stations and who cannot provide confirmation that they have not been able to buy a ticket at the booking office must, in addition to the fare, pay a supplementary charge.

Passengers without validated tickets must board by the door at the front of the train (direction of travel) and immediately buy (or have validated) tickets from the on-train staff in the first compartment. If no staff are to be seen, then passengers should wait in the first compartment. Otherwise the passenger will be deemed to be travelling without a ticket and will be liable to a surcharge (in addition to the fare).

Tickets bought with the FIP Card are not valid in the *Słoneczny* train.

The validity of tickets is as follows:

- a) up to 100km: (single or return): 1 day
- b) more than 100 km: 2 days (single), 4 days (return).

The validity period for single tickets begins with the date/time printed/written on the ticket. The day runs from 00.01 to 24.00.

Journeys undertaken using a single ticket must start on the first day of validity (shown on the ticket as day of journey), specifically:

Rail Staff Travel. Travel in Europe using FIP facilities

- a) Journeys with singles and outward portions of return tickets must commence within one hour of ticket issue or as determined by the passenger. KM tariff conditions may permit other periods of validity.
- b) Journeys with return portions of tickets valid for distances over 100km may be made on any day of the ticket validity.

Tickets bought with the FIP Card are not valid on KM buses between Modlin and Warsaw Modlin airport.

Break of journey is generally permitted, although there are some exceptions to this rule. If you intend to break your journey you should check when buying your ticket that the break is permitted.

PKP Szybka Kolej Miejska w Trójmieście specific rules

Tickets for single journeys issued by machine are valid from the time of issue/validation. Tickets bought at the ticket office are valid as determined by the salesperson according to time and zone.

Break of journey is not permitted.

Lotnisko Chopina w Warszawie (Warsaw Frederic Chopin Airport)

Between Warszawa and Lotnisko Chopina w Warszawie, PKP coupons are **not** valid on line S2 and S3 services operated by SKM (*Szybka Kolej Miejska*) but are accepted on services operated by KM.

Slovakia – ŽSR

The following carrier is relevant for Slovakia

- ŽSR - **Železnice Slovenskej republiky** (Slovak Republic Railways)

ŽSK FIP facilities are valid on train services operated by a ŽSSK (Železničná spoločnosť Slovensko).

Children on ŽSR services ⁷⁰

For children up to 6 years old

For free travel the child must be accompanied by person older than 16.

- Free travel in 2nd class (neither ticket nor ID card is required).
- Free travel in 1st class (maximum 2 children, must be accompanied by fare-paying adult. Additional children pay 50%).

In EuroCity trains no supplements (except where children travel in 1st class and are paying 50%, a 1 Euro supplement is payable).

In SuperCity trains pay a supplement of 1 Euro in 2nd class, 3 Euro in 1st Class.

In InterCity trains, a seat reservation inclusive supplement may be bought.

For children up to 16 years old – free travel

Registration is necessary for children 6 - 16 (sixteenth birthday) irrespective of nationality.

Registration must be done by the legal representative of the child using the following documentation:

- Photo (2cm x 3cm) of the child
- ID card of the child

⁷⁰ Source: RST Ref: 90-081-026/D7649INC

Rail Staff Travel. Travel in Europe using FIP facilities

- If the child does not have their own ID card, the child's birth certificate and the ID card of the legal representative is sufficient.

Where can you register?

- at a ticket office which uses the KVC system (immediate registration is usually possible).
- at a ticket office staffed by ZSSK personnel (registration usually within three days).

Documentation to be shown in the event of on-train ticket check:

- "free" ticket
- Permit issued at the time of registration
- See www.slovakrail.sk/en/zero-fare.html for more information.

Free travel availability

- On any **Os** or **REX** train for the route specified on the ticket within the validity period.
- On the specific **R**, **RR**, **Ex**, **EN**, **EC** or **SC** train as printed on the free ticket.
- On **EC** trains a 1 Euro mandatory reservation fee is payable.
- On **SC** trains a 5 Euro mandatory reservation fee is payable.
- Free travel is not available on **IC** and **Railjet xpress** trains.

For children up to 16 years old – reduced rate travel

If they do not take advantage of the free travel arrangement, then they travel at 50% of the standard 1st or 2nd class fare.

For travel in InterCity trains a supplement of 1 Euro is payable; for travel in SuperCity trains the supplement is 1 Euro in 2nd class, 3 Euro in 1st class.

In InterCity trains children aged 6 to 16 may also take advantage of the supplement which includes seat reservation.

For on train ticket checks you must have an official document (with photo) showing age, date of birth, and (where appropriate) birth number.

Rail Staff Travel. Travel in Europe using FIP facilities

TIP FROM ZSSK: children up to 10 years of age do not need to have their own berth (bed) or couchette; 2 children up to the age of 10 may share but further children require their own berth/couchette. Children aged 10 and above must have their own berth/couchette. The fare payable for the berth/couchette depends on the number of berths/couchettes used.

For persons aged 16 and older

The adult fare applies.

Euskotren Trena facilities

Euskotren Trena services are operated by *Eusko Trenbideak - Ferrocarriles Vascos S.A*

The following table supplied by Euskotren Trenbideak defines the boundaries of FIP availability across the Euskotren railway network.

Neighbouring carrier	Transit points up to which Euskotren coupons are valid
RENFE	Ventas de Irún, Pasaia, Herrera, Abando, San Mamés, Basurto, Hospital
SNCF	Hendaye

Once information is received from Euskotren on the ages for child fares and the transit points, this guide will be updated. Until then employees should check at Euskotren Trena ticket offices before attempting to travel with their FIP facilities.

Upon presentation of the FIP Card at the ticket office or customer service point, a ticket valid for 7 days will be issued. After expiration, a new ticket can be purchased. There is no limit per annum to the number of tickets which can be requested.

Break of journey is permitted without formality.

Customer service outlets are located at:

- Bilbao: Zazpikaleak station
- Donostia - San Sebastián: Estación station
- Gernika – Gernika station
- Durango – Durango Station
- Vitoria-Gasteiz (only for tram tickets): Sancho el Sabio Kalea, 9

FIP discounts are valid on Euskotren trains and trams as well as on line 3 of the Bilbao metro (operated by Euskotren). They are not valid in the rest of the Bilbao metro network.

Rail Staff Travel. Travel in Europe using FIP facilities

Tickets are required to access and exit platforms (except at some small stations). You must have a valid ticket before boarding a train.

It is not necessary to validate the ticket on the Vitoria-Gasteiz tram, but it is necessary to do so on the Bilbao tram. The 7-day ticket should only be presented upon request. For the trip, the reduced rate card and a proof of identity is also required.

On the Trapagaran - Larreineta funicular you can get an individual ticket at the ticket desks of both stations.

The discount card entitles you to a single entry to the Euskotren Railway Museum in the town of Azpeitia. FIP facilities are not accepted on the Railway Museum tourist train.

FIP facilities are not accepted on bus services operated by Euskotren.

Sweden

FIP facilities are not valid on any carriers in Sweden.

FIP facilities are also not valid on DSB Øresundståg trains over the Øresund Bridge.

Switzerland – BLS, SBB, SP and BSB/VSU

The following carriers are relevant for Switzerland:

- BLS - **BLS AG** provides services near Bern
- SBB – **Schweizerische Bundesbahnen** (formally SBB CFF FFS **Schweizerische Bundesbahnen, Chemins de fer fédéraux suisses, Ferrovie federali svizzere**) Swiss Federal Railway
- SP – **Schweizer Privatbahnen** (Swiss Private Railways) – this covers many smaller operators
- BSB/VSU - **Bodensee-Schiffsbetriebe / Vereinigten Schiffahrtsunternehmen für den Bodensee und Rhein** (*See separate entry for Lake Constance*)

In general, you may use FIP coupons and buy single, return and round-trip tickets with the FIP Card for travel without restriction on rail services (exceptions below).

In some locations, tickets must be stamped in platform ticket validation equipment before boarding a train.

Discounted ticket purchase online and at TVMs

Self Service purchase is available online from www.sbb.ch/en/home.html or at Ticket Vending Machines (TVMs).

Use the Half Fare option “Reduziert ½” to obtain the 50% reduction.

In urban areas a request for a ticket from one specific station to another may result in a ticket to or from a Zonal destination. The ticket may cover other carriers (e.g. trams) which are not in the FIP scheme, as the ticket can be used by Swiss Half Fare Card holders. With an FIP Card you can only use the ticket on the services of the companies within the FIP scheme.⁷⁹
